

# University Academy of Engineering South Bank

## Our Vision and Values:

The University Academy of Engineering South Bank will be an outstanding place of learning, specifically designed for the success and happiness of all students and staff. A vibrant community, that plays a significant part in the transformational change and regeneration in our area. This will be underpinned by our commitment to excellence through:

## Create your future

### Connections

**Our students will be well connected:**

- To the LSBU, our business partners, and our local, national and global community
- They will be able to articulate the connections between all aspects of learning
- To the diverse groups in our community to enhance their learning experiences
- Creating and maintaining connections to secure excellent progression routes

### Challenge

**The University Engineering Academy South Bank will be a challenging place to learn:**

- We will challenge each other to achieve
- Using our inquiring minds to challenge and question the world
- Our business and University partners will set our UEASB challenges
- We will meet the challenges that we set ourselves by being risk takers, persevering, persisting and showing courage

### Creativity

**Creativity will be at the heart of all that we do:**

- To ensure that we are unique and distinctive
- Generated through hands-on real world experiences
- Creating opportunities where others see challenges
- Enabling everyone to become part of a new generation of polymaths

## Create your future
