

Dear Parents and Carers,

Year 10 parents evening is on 21<sup>st</sup> June from 4pm-7pm. This is a great opportunity for subject teachers to discuss your child's progress you since they made some important choices about their curriculum in February.

End of year examinations have just taken place and given us valuable information with about how much year 10 students have learnt so far in all their subjects. We would like to share with you what we think your child needs to do to improve further, which topics and content to focus on as well as revision advice.

Attendance to parents evening can have a significant positive impact on how you help them move forward with their learning.

The booking system is up and running and available via the school website. Please contact Mr Ayo Alalade if you experience trouble booking appointments via email [ayo.alalade@uaesouthbankorg.uk](mailto:ayo.alalade@uaesouthbankorg.uk) or by phone at school reception.

Your sincerely,

John Taylor  
Principal
